Innovation Ready Logistics & Supply Chain!

Accelerating Industry 4.0 in Logistics & Supply
Chain Management

Wednesday 28 September 2022 | 16:30

1. CIBOS INNOVATION: *Hands-free warehouse picking*

Vision and voice picking, offer to a modern warehouse and consolidation centre the liberty for a completely hands-free operation for scanning and order completion. The products enable a step-by-step guidance for the warehouse picking staff, so that errors and accidents are minimised and efficiency is improved.

| | | | | | | | |
|-----|---|-------------------------|-----|---------------------|---|------------------------|-----|
| TRL | 8 | Time to market (months) | 0-3 | Funds invested (€k) | - | More funds needed (€k) | 120 |
|-----|---|-------------------------|-----|---------------------|---|------------------------|-----|

2. DATA VIVA: *Dataviva is next-generation business planning*

Dataviva has built a next-gen demand planning and supply chain platform that can optimise and automate operations at a fraction of the cost and time.

| | | | | | | | |
|-----|---|-------------------------|---|---------------------|-------|------------------------|---|
| TRL | 9 | Time to market (months) | 2 | Funds invested (€k) | 2.300 | More funds needed (€k) | - |
|-----|---|-------------------------|---|---------------------|-------|------------------------|---|

3. e-KINESIS: *Electromobility from A to Ω*

Solution including the battery electric powertrain retrofit system Electra for used Diesel heavy-duty vehicles electrification and eV charging optimisation services.

| | | | | | | | |
|-----|---|-------------------------|----|---------------------|----|------------------------|-----|
| TRL | 5 | Time to market (months) | 12 | Funds invested (€k) | 20 | More funds needed (€k) | 200 |
|-----|---|-------------------------|----|---------------------|----|------------------------|-----|

4. FLYEE: *Flyee – leading the way from the sky*

Drone delivery services from A to Z! Special designed drones together with smart application, ensure the order is delivered just the way it was packed. Using smooth landing technology, orders are gently lowered. A platform supports all the latest payment methods and allows an automated delivery process.

| | | | | | | | |
|-----|---|-------------------------|---|---------------------|----|------------------------|-----|
| TRL | 7 | Time to market (months) | 6 | Funds invested (€k) | 35 | More funds needed (€k) | 600 |
|-----|---|-------------------------|---|---------------------|----|------------------------|-----|

5. LASTMILY: *Deliveries done better*

Lastmily is an AI powered routing optimization - lastmile delivery platform, end to end, easy to use, addressed to all delivery companies.

| | | | | | | | |
|-----|---|-------------------------|---|---------------------|-----|------------------------|---|
| TRL | 9 | Time to market (months) | 0 | Funds invested (€k) | 150 | More funds needed (€k) | - |
|-----|---|-------------------------|---|---------------------|-----|------------------------|---|

6. NINEFLEET: *Simplifying Ground Logistics Management*

Ninefleet is a plug and play logistics orchestration software for any enterprise with wheels and heels on the ground.

| | | | | | | | |
|-----|---|-------------------------|---|---------------------|-----|------------------------|-----|
| TRL | 9 | Time to market (months) | 0 | Funds invested (€k) | 650 | More funds needed (€k) | 400 |
|-----|---|-------------------------|---|---------------------|-----|------------------------|-----|

7. OPTECHAIN: *Creating the road to a better living*

A platform that combines high-tech Routing Optimization & CPO Management

| | | | | | | | |
|-----|---|-------------------------|-----|---------------------|-----|------------------------|-----|
| TRL | 9 | Time to market (months) | 0-6 | Funds invested (€k) | 200 | More funds needed (€k) | 600 |
|-----|---|-------------------------|-----|---------------------|-----|------------------------|-----|

8. PEOPLE: *Think Beyond*

A breakthrough solution that gives right-time visibility to all stakeholders during cargo movements, optimising the whole operation and reducing carbon emissions

| | | | | | | | |
|-----|---|-------------------------|---|---------------------|-------|------------------------|---|
| TRL | 9 | Time to market (months) | 0 | Funds invested (€k) | 2.200 | More funds needed (€k) | 0 |
|-----|---|-------------------------|---|---------------------|-------|------------------------|---|

9. PROBOTEK: *Connect – People.. Save – Lives.. Reduce - CO2*

Drone-as-a-service delivery to long-distance and hard-to-reach areas to support remote communities

| | | | | | | | |
|-----|---|-------------------------|---|---------------------|-----|------------------------|-----|
| TRL | 7 | Time to market (months) | 3 | Funds invested (€k) | 250 | More funds needed (€k) | 180 |
|-----|---|-------------------------|---|---------------------|-----|------------------------|-----|

Thank you
